

# UNIV2021:NAVIGATE

Seeking a solid education in a fluid society

A creston college  
Easter conference  
April 1 - 3 2021

# ...navigate

'This is the moment to accept the challenge of being a reflective person, constructively critical, a lover of the truth and the beauty that open us to the world and to other people.'

In our society of constant changes, dominated by instantaneous and fluctuating channels of communication, ideas flow continuously, at the mercy of the current trend, and slide away without a trace. Nothing seems stable or permanent. Nothing, not even significant interpersonal relationships, seems deserving of commitment or dedication. It is a soft, gaseous, timid way of thinking that does not venture—because it does not dare—to achieve a common truth.

**The Conference will gather together young women who dare to navigate towards the Truth.**

Keynote Speaker: Anna Walsh, *Adjunct Associate Professor  
School of Law, The University of Notre Dame Sydney*

**Where** Creston College, 36 High St Randwick  
Accommodation: The Centre, 14 Frances St Randwick
